

10th October 2020

As we were unable to hold our normal Apple Day this year, we booked a stall at the Farmer's Market instead, so we could sell all our goodies.

This was the first year that we have been able to make all the bottled juice, and also sell bagged apples, from our own trees – a real milestone in the history of the Community Orchard. In previous years, we have had to supplement the supplies with fruit from some very generous local friends, so being able to use all our own apples this time is a very proud moment.

Huge thanks to all those who came and supported us on Saturday and we hope to see you again at the next Farmer's Market, Saturday 14th November.
