

## Work party Sunday 13th September 2020

According to the long range weather forecast it looks like we will be blessed with good weather, autumn sunshine and a 3% chance of rain.

This month we are going to try using 2 rather than 3 sessions, with 6 volunteers at each as follows:

Session 1 9.00 - 10.45

Session 2 11.00 - 12.45

The list of jobs that will require our attention includes:

- Apple picking
- Pond maintenance
- Path mowing
- Grass mowing
- Hedge trimming
- Compost management
- Pollinator bed and bog garden maintenance
- General tree maintenance

Hand sanitiser and disposable gloves will be available. However, sadly we will not be providing hot drinks and biscuits so please bring along your preferred hydration and energy boosting snack.
