

Sunday 10th February @ St Mary's Church Field from 10.00am

The tasks that require our attention this month are:

Complete the tree pruning

Tree feeding/mulching

General tree maintenance

Application of tree grease (where required)

Adjust the bee enclosure hedges

General hedge maintenance

Reinstate the water butts

Pond maintenance - before spawning begins

Bog garden maintenance

Pollinator bed maintenance

Construct a beach adjacent to the pond

Compost management

Refreshments, biscuits and general chit chat around 11.00.

The weather forecast for Sunday is looking good, so come along and bask in some early spring sun whilst getting stuck in!
