

WORKING SESSION ST MARY'S FIELD 17<sup>th</sup> JUNE  
2018 10.00 a.m.

As high summer rapidly approaches, it is time to benefit from that glorious season by undertaking a varied range of jobs to keep the orchard looking good. Jobs will include:

Cutting of grass, especially around all of the fruit trees, including the cordons;  
Scything of grass in the wildlife area;  
Pond and bog garden maintenance;  
Compost turning, and transferring some well rotted compost to the community allotments for use there;  
Weeding of flower beds;  
Tidy area behind compost bays by cutting back nettles;  
Further removal of docks;  
Some light hedge trimming

Refreshments will be available from about 11 a.m.
